EXAMINER'S AMENDMENT

1. The following is an examiner's statement of reasons for allowance: None of the prior art of record alone or in combination teaches or fairly suggest the details of independent claim 1 further including "wherein an angle formed between a line normal to the side of the polygon having the spot-like light source and one side of the two parallel sides of the polygon adjacent to the side having the spot-like light source is calculated by a formula: $55 - (Y/X) \times 15$ degrees where Y is a length of the one side of the two parallel sides, and X is a distance between the two parallel sides." or the details of independent claim 6 further including wherein the polygon is a hexagon including, as parts thereof, two triangles which are shaped identical with each other, and which are positioned and oriented symmetric about a center point of the light conductive plate whereby two sides of the hexagon each having a spot-like light source are oriented parallel to each other."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
